Year 1

Basic Number Facts Parent Information Sheet

Recall addition facts to 10: Numbers that add together to make 10.

$$1 + ? = 10 \quad 3 + ? = 10 \quad 10 = 4 + ? \quad ? + 2 = 10 \quad 10 = ? + 5 \quad ? = 9 + 1$$

Recall subtraction facts to 10: Subtraction of numbers 10 and below.

$$10 - ? = 1 \quad ? - 0 = 10 \quad 4 = 10 - ? \quad 0 = 10 - ? \quad ? - 3 = 7 \quad 10 - ? = 5$$

Making ten and some more: Being able to count reliably with numbers between eleven and twenty.

Identifying one more or one less:

Be able to identify one more or less than a given number up to 20.

Recall doubles to 10: Instantly identify the 'double' of any number with a total of 10 or less.

$$\text{Double 5,} \quad 2 + 2 = ? \quad 8 = ? + ? \quad \text{Double 1} \quad 3 + 3 = ? \quad ? = 4 + 4$$

Recall halves of numbers up to 10: Instantly identify half of any number (10 or less).

$$6 - 3 = ? \quad 10 - 5 = ? \quad 4 - 2 = ? \quad 8 - 4 = ? \quad 10 - 5 = ? \quad ? - 2 = 2$$

Recall addition facts to 20: Numbers that add together to make 20.

$$1 + ? = 20 \quad 3 + ? = 20 \quad 20 = 4 + ? \quad ? + 2 = 20 \quad 20 = ? + 5 \quad ? = 19 + 1$$

Recall subtraction facts to 20: Subtraction of numbers 20 and below.

$$20 - ? = 1 \quad ? - 0 = 20 \quad 4 = 20 - ? \quad 0 = 20 - ? \quad ? - 13 = 7 \quad 20 - ? = 5$$

Counting in 2s: Counting in 2s up to 12 lots of 2

2, 4, 6, 8, ...

Counting in 5s: Counting in 5s up to 12 lots of 5

Counting in 10s: Counting in 10s up to 12 lots of 10

Numbers to 100: Identifying a number given its tens and ones

$$57 = 50 + 7$$
