

INTER-HOUSE PHOTOGRAPHY COMPETITION

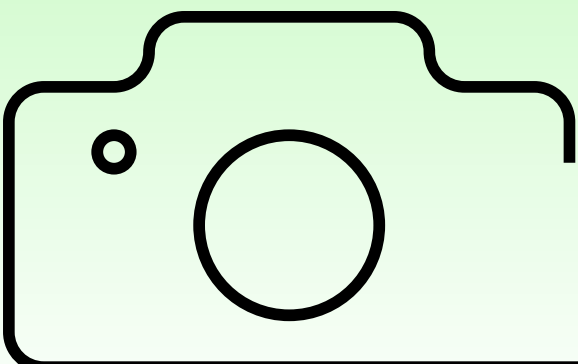

Take part in our inter-house photography competition; we are looking for the most creative photos that represent the season of **winter**. Think frosty mornings, cozy fireplaces, winter walks, hot chocolate and more!

Here are a few photography top tips:

- Be different – find different shots by kneeling down, lying down or shooting from above!
- Go small or go large – try and get as close up as you can or get up high and shoot a wonderfully large landscape.
- Get up early – drag yourself out of bed (ouch!) and shoot nature while it's waking up. Not only will you get a beautiful sunrise but the light is amazing first thing.
- Bad weather alert – just because it's raining it doesn't mean you can't head out with your umbrella and wellies and catch stunning raindrops on leaves. Also look out for reflections!

Children must take the photograph themselves.
